Education Portfolio 2023

About Us

One of the main sources of risk to which organizations are exposed in cybersecurity issues is the lack of knowledge, training and awareness. Etek offers a wide variety of training options through certified and customized courses, in addition to a complete awareness strategy for users, ranging from methodologies and management standards, high-level technical training, to activities oriented to citizenship and good information management.

Background
20+ years of experience providing education services.

Innovation
More than 60% of the content is experiential: AR, 3D video magic show and more

Recognition
20+ awards as the best training center in LATAM

Satisfaction
More than 93% satisfaction rate from our customers and partners

Competence training
11K+ Cybersecurity Professionals

Tailored courses and campaigns
Customized courses according to your business needs

ETEK
